APOLLO SECURITY NEXIUS

Everything Connected. Everything Under Control.

Access control, video, AI analytics, intrusion, intercom, visitors, building automation, cybersecurity and emergency response — managed from one console, for one site or hundreds.

UNIFIED SECURITY
Every security system in one intuitive interface.

REAL-TIME VISIBILITY
Events, alarms and system health, live at every site.

INTELLIGENT OPERATIONS
AI analytics, automated workflows and plain-language requests.

OPEN & FLEXIBLE
Open standards, APIs and reuse of your existing controllers.

DEPLOY YOUR WAY
Cloud or on-premises, from browser or mobile.

SCALABLE & RELIABLE
From 4 doors to 4,095, single site to multi-site.

Everything in one console

ACCESS CONTROL
- Doors & readers
- Access Levels
- Badge Designer

VIDEO & AI
- Native or 3rd-party
- Event-linked video
- AI people search

INTRUSION
- Bosch, DMP & ELK
- Zones & arming
- Alarm alerts

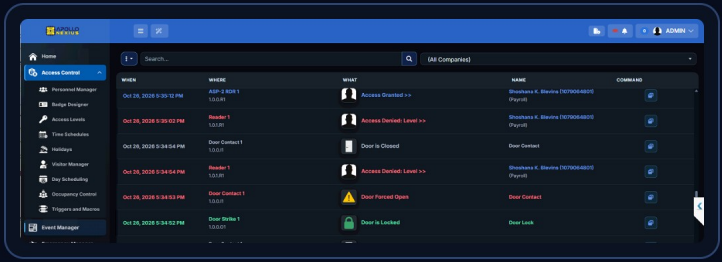

INTERCOM
- Two-way audio
- Door stations
- Paging & alerts

VISITORS
- Pre-registration
- Watchlist screening
- Passes & host alerts

BUILDINGS
- BACnet & Modbus
- Equipment control
- Event-driven rules

REPORTS
- Custom reports
- Attendance
- Audit trails

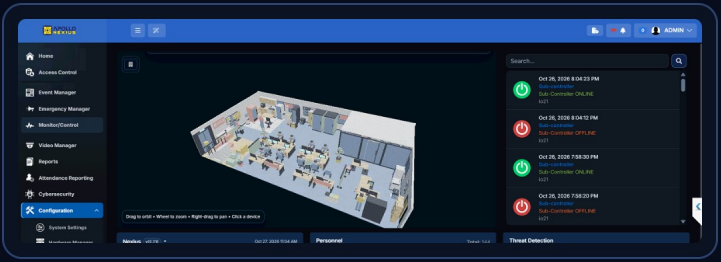

MAPS & COMMAND
- 3D floor plans
- Emergency Manager
- Multi-site view

SPOTLIGHT · EVENT MANAGER

Every event, the moment it happens

Door, reader and credential activity streams in live and colour-coded, so denied access and forced doors stand out. Search, filter by company and act from the command column.

SPOTLIGHT · MONITOR / CONTROL

Your whole site in 3D

Click any device on an interactive 3D floor plan beside live controller status, server health and AI threat detection for weapons, intrusion, fire and smoke, and fights.

WORKFLOW BUILDER

Trigger → **Evaluate** → **Respond**

- No custom code needed
- Door forced → video + alarm
- Denied → email or webhook
- Schedules & priorities

NEXIUS SECURE GATEWAY

- Hardened Linux appliance
- Outbound-only encrypted link
- No inbound ports to open
- Covers access, video, locks, OT & building

NEXIUS CLOUD & EDGE AI

- No server to maintain
- Automatic updates
- Less firewall & backup admin
- Edge AI for existing cameras (4/8 ch)

INTEGRATIONS

Access hardware	Apollo Security ASP Series , Multiple other Access Control Brand
Video (VMS)	Milestone · Axis · Hanwha WAVE · Network Optix · Panasonic · Ipsotek · Scylla · Soterix · Lumeo · ROC
Intrusion	Bosch · DMP · ELK
Intercom	2N · Commend · Zenitel
Building systems	BACnet · Modbus · open APIs and webhooks

TECHNICAL OVERVIEW

Deployment	On-premises
Access	Web browser and mobile
Database	MariaDB
Security	Server-verified login, Secure Gateway
Release	Nexius 12.7

BUILT FOR

Airports & transport · commercial real estate · data centers · education · finance · government · healthcare · logistics · manufacturing · places of worship · retail · stadiums
